

The school district boundaries displayed on this map were created as a result of a boundary review conducted prior to the 2000 and 2004 censuses. The Michigan Department of Education (MDE), the Michigan Center for Geographic Information (MCGI), and the U.S. Census Bureau, in cooperation with each school district and intermediate school district (ISD) in Michigan, conducted the boundary review. Boundaries shown by the districts were voluntary and all the school districts had opted in or out of the review.

Information provided is accurate to the best of our knowledge and is subject to change as a result of a boundary review. While MCGI makes every effort to provide accurate information, we do not warrant the information to be authoritative. Changes to school district boundaries are subject to change and are not guaranteed. The State of Michigan reserves the right to change the boundaries of any school district at any time.

Please feel free to contact MCGI with questions regarding the boundary mapping process. However, it should be noted that school districts and ISDs are the official authority on school district boundaries. If you believe that there may be an error in a boundary, please contact the appropriate school district or ISD. We welcome the opportunity to incorporate additional boundary changes into our map information when received.
